North America- California (Yr6)

Local Area: Local trade and regeneration (Yr5)

Local Area: We will remember... Netherton (Yr6)

GEOGRAPHICAL SKILLS AND FIELDWORK

Curriculum Plan
 In EYFS geography is embedded throughout the year using real life experience of geography and story books. Children explore the natural environment, looking closely at similarities, differences, patterns and changes over time.
 In KS1 we teach geography every term, repeating key objectives to deepen understanding. In KS2 we teach a balance of UK and world geography over the whole key stage, repeating key objectives in alternative contexts to ensure it is embedded and children have greater understanding of concepts.
